DESCRIPTION OF INCIDENT / ACTIVITY:

Danny Europa from Arniston Coastal Links Fishery Union informed Bredasdorp Saps that they are planning a protest action on Friday 2015-11-27 afternoon (time unknown) which will continue throughout the weekend, at Arniston Harbour. They are going to block the entrance of the harbour with the following 3 boats, Emma, See Stêr and Do Jack.

The aim of the protest action is to force the Dept of Agriculture and Marine life to issue crayfish quotas on a fair and honourable way.

According to Mr Europa the crayfish quotas were issued to wrong people and was based on political discussions.

Mr Europa threatens that they will continue with the protest actions until their demands are met. Mr Europa informed this office that they have support as far as Stilbaai as well as the West Coast and that these two regions are going to join them in the protest action. Mr Europa give the undertaking that the protest action will be peaceful.

The community of Arniston, mainly consists of line-fishermen and have a history of emotional and aggressive behaviour. In the past these fishers act violently when they occupied Denel office buildings in a protest action against their grievances, which came to the far when Denel closed coastal region for tests. The fishermen demanded to be paid for fishing time lost.

This office foresee that the current situation can escalate into a volatile situation when line fishers attempt to go to sea in order to catch fish. These people are mainly dependent on fishing for an income and this situation can lead to unrest.

Mr Europa was informed by Lt.Pieterse that this action will be illegal as no authorization was obtained and that people participating in this action can be arrested.
