A declaration was made by Mr Sello Chipu that the residents of Stoffelpark will be relocated to Pineersport as from January 2015. The pegging of stand stand will be discussed with the contraction company in due course.

Our estimation of the total stand to be pegged is close to 2900 which of those will only relocate 1700 family from Stoffelpark to Pineersport and 700 from Mamelodi X11k and 500 Mamelodi X11A.

Town planner is finalizing map and other issues.

The committee requested the office to take them for viewing of the land that they are going to be relocated too.
