THE SECRETARY FOR NATIVE AFFAIRS.

My Offices for Chief Native Commissioner,

In connection with the removal of my establishment from Marton Reef to the new Chambers on Church Square, I shall be glad if steps may be taken for the installation of an office bell system in the latter building.

It will be appreciated if the officer responsible for this service may be instructed to attend at my new offices on the 3rd proximo in order that he may be shown what is required.

Will you please arrange also for the supply of electric light bulbs in all the offices.
