5	When you were there indicated in that circle, the blue	5	CAPTAIN KIDD: That's correct, Mr

7	CAPTAIN KIDD: That's correct, Mr	7	MS BALOYI: Yes.
8	Chairman.	8	CHAIRPERSON: What is really the western
9	MS BALOYI: Did you know then that you	9	corner of the area depicted on the photograph. Who was in
10	are at koppie 3?	10	charge of the people in the other oval on the left-hand
11	CAPTAIN KIDD: No, Mr Chairman, myself as	11	side? Was anybody in charge of them?
12	well as my members, we thought this was koppie 1. We	12	CAPTAIN KIDD: Mr Chairman, each –
13	thought everything that was happening in the whole	13	because we were different, different units and different,
14	operation was just on the other side of this koppie.	14	like in the TRT there were different people from, they were
15	MS BALOYI: And then you say, "I	15	from Gauteng but it was Pretoria TRT, Joburg TRT, Honeydew
16	entrusted" –	16	TRT. Each person had their own commander so although they,
17	CHAIRPERSON: How did that happen?	17	with this splitting up the control of myself was very
18	Weren't you briefed at some stage as to the layout of the	18	difficult but as I mentioned the people in the beginning,
19	territory, where the different things were that were	19	each group would still try and command their own people -
20	happening, different things were happening?	20	CHAIRPERSON: The answer to my question,
21	CAPTAIN KIDD: Mr Chairman –	21	who is in charge of the – who was in charge of the people
22	CHAIRPERSON: Or were you just sent to	22	in the blue oval on the left-hand top corner of the
23	forward holding area 2 and say you stay there and look	23	photograph?
24	after that informal settlement and don't bother about the	24	CAPTAIN KIDD: At that time I wouldn't
25	rest of the terrain because you won't get there?	25	know, Mr Chairman. I was in charge of the whole line but
	Page 29021		Page 29023
1	CAPTAIN KIDD: No, Mr Chairman, there was	1	there, there was probably no-one in charge.
2		2	CHAIRPERSON: You were in charge of the
3	CHAIRPERSON: A rather strange way of	3	whole line but there was, the group had divided up actually
4 5	going about things. CAPTAIN KIDD: You know we were shown on	4 5	into three but we'll ignore the one that's not on the photograph. The other group was in charge of someone, you
6	a photograph of the different area and koppie 1 was a	6	didn't know who he was so you didn't know how to contact
7	koppie, the other two weren't really koppies, they were	7	him -
8	just like bushy areas with a couple of rocks. They're not	, 8	CAPTAIN KIDD: That's –
9	like a, like you would say a koppie. So you couldn't	9	CHAIRPERSON: - were nominally in charge
10	really see the difference in the height or how big the	10	of the whole lot but practically you could exercise no
11	different koppies were.	11	control over the people in the second oval.
12	MS BALOYI: You then say "I instructed	12	CAPTAIN KIDD: That's correct, Mr
13	the members to take cover behind the rocks and bushes as I	13	Chairman.
14	heard gunfire and the sound of bullets flying over our	14	CHAIRPERSON: And you didn't even know
15	heads from the direction of the koppie in front of us." Do	15	who was your sort of, the person practically or factually
16	you see that?	16	in charge of those people, if there was anybody. You're
17	CAPTAIN KIDD: Yes, I do. It's written	17	not even sure there was anybody.
18	in the statement.	18	CAPTAIN KIDD: No, I'm not even sure
19	MS BALOYI: Now when you tell your	19	there was.
20	members to take cover as you describe, where are you at	20	CHAIRPERSON: So it does sound like a
21	that point? Where are the members and where are you?	21	recipe for disaster, doesn't it?
22	CAPTAIN KIDD: Okay, I'm in the – like I	22	CAPTAIN KIDD: Mr Chairman, this all
23	said earlier, I was in that, this, I was part of this	23	happened because of the helicopter gesturing for the people
24	middle group. That was the main part, that was the main -	24	to split up and also with Colonel Vermaak informing the

7	CAPTAIN KIDD: Where it's pointed up –	7	MS BALOYI: Can you just point out when
8	CHAIRPERSON: There's a rocky area – ja,	8	you say, where you were standing and what you describe as
9	no, but that doesn't mean anything on the transcript –	9	the open area of the koppie?
10	there's a rocky area right near the top of that yellow line	10	CAPTAIN KIDD: If we go back to the
11	that runs from the bottom right-hand corner in a, slightly	11	previous slide –
12	to the left, angling slightly to the left.	12	MS BALOYI: L235.
13	CAPTAIN KIDD: That's correct, Mr Chair.	13	CHAIRPERSON: The slide he wants is 235.
14	CHAIRPERSON: That rocky area is where	14	MS BALOYI: Yes.
15	some of the other people took -	15	CHAIRPERSON: That's now on the screen.
16	CAPTAIN KIDD: That's correct.	16	CAPTAIN KIDD: Okay, Mr Chairman, I was
17	CHAIRPERSON: Is that right?	17	standing – when everyone had taken cover and I was looking
18	CAPTAIN KIDD: That's correct. And then	18	onto the koppie area I was standing round about to the

22	CAPTAIN KIDD: The oval on the top left-	22	CHAIRPERSON: Can we translate that place

24	the ones that went down to the southern side. So if we can	24	CAPTAIN KIDD: It'll be –
25	go back to the other side then it sort of – okay, so those	25	MS BALOYI: The dam?

3	CHAIRPERSON: Now the people in the line,	3	edge about where the - about where the, you could say the

13	CAPTAIN KIDD: Yes. Each of the units	13	CHAIRPERSON: And you indicate that if
14	that were there had their own commander. Like the POP that	14	one looks carefully at the spot below the head of that
15	came from, for example, Bethlehem, had a commander. The	15	arrow, one sees a dry dam wall.
16	one from Joburg had their commander, TRTs, different ones	16	CAPTAIN KIDD: That's correct, Mr

18	MS BALOYI: Yes. Now you talk about	18	MS BALOYI: And the strikers that you
19	firing or shooting that came from the direction of the	19	see, that you describe, where are they?

22	CAPTAIN KIDD: I do see that.	22	Nyala situated there. They were just in front of that.
23	MS BALOYI: And then you go on to say,	23	Obviously the Nyala wasn't there but it's the area just

3	there's a vertical arrow pointing down from that rectangle	3	Captain Kidd, won't you just describe the place that you've

10	CAPTAIN KIDD: That's correct, Mr	10	start, there's, this group that I was mentioning, they

12	MS BALOYI: And if you're able to	12	CHAIRPERSON: What you call the right-
13	estimate what do you estimate the distance between where	13	hand side of the Nyala, that's the Nyala on the extreme

16	[09:27] CAPTAIN KIDD: I would estimate it to be	16	CHAIRPERSON: What you call the right-
17	between 25 and 35 metres away.	17	hand side of the Nyala actually is the left-hand side of
18	MS BALOYI: And what do you see, what is	18	the photograph because of course the Nyala is facing is and
19	happening? What do you see the strikers do?	19	on, to the left of that Nyala there is what appears to be
20	CAPTAIN KIDD: Okay, the strikers that I	20	an open area, relatively open area, and just below the
21	saw were first of all running around. Then they gathered	21	Nyala on the photograph there is this bushy area to which
22	in a group. They were, I don't know, they were like making	22	you're referring. Is that correct?
