Virginia, please forward a copy of this to Denzil Potgieter and Wilson Magadla. Thanks.

Kobus Swarts is away on medical leave, but he has asked me to write on his behalf. We are trying to establish the status of the investigations in the Webster and Lubowski cases.

During last year, I was designated from the GIU to assist Kobus in these 2 'national investigations', and we both communicated during the year with various members of the CT office about these cases. Kobus, in his reports to Wilson, requested information and instructions. I also communicated with Cees, Glenn and Denzil about trying to compile a full set of documents, including the Namibian investigation docket in Lubowski and the inquest record in Webster.

We are very willing to assist in these matters but are unclear as to what is being handled from the CT side and what is required of us. Would it be possible to arrange a meeting with all parties who have been involved in this investigation to decide upon an investigative strategy if one has not already been formulated?

We are obviously concerned to try and take these matters further as they are seemingly high priority cases and if opened up, will hopefully shed light on CCB activities. We are also regularly being contacted by Julian Knight (Mrs Gabi Lubowski's attorney) for progress reports. We have simply been referring him to Mr Magadla.

We'd appreciate it, if you could advise us of the status of these investigations and of any role you would like us to play in the investigation of these cases.

Thank you.
Regards
Kate Pitman.
