Support Our Struggle at Shoprite/Checkers

We are Shoprite/Checkers workers. Shoprite/Checkers bosses are rejecting our Recognition Agreement they entered into with our union, SACCWU. Their termination of the agreement has severely undermined the rights of thousands and thousands of workers. We therefore request the support of our community.

!!! Don't buy at Shoprite/Checkers !!!

Shoprite/Checkers management are trying to bash Saccawu and return to the dark ages of total oppression of workers.

- They have placed serious and destructive allegations against our shopstewards and union officials
- They have increased the level of exploitation and oppression at work places
- They have retrenched and dismissed workers unfairly
- They are refusing to negotiate a wage increase with Saccawu.
- They are using police in our dispute, instead of negotiation

!!! We must not let these capitalists to enrich themselves further. We must not let workers' children to go hungry !!!

We therefore demand from Shoprite/Checkers bosses to :-

1. Negotiate in good-faith with our Union, Saccawu
2. Re-instate our Recognition Agreement
3. To recognise Saccawu's bargaining rights and stop delaying increase
4. Saccawu to be the sole bargaining Union
5. A stop to the use by management of SADF/SAP personnel in labour issues

!!! No return to master and slave mentality !!!
